**REGISTRATION PROCEDURE**

When the entrance station is staffed, a park employee or volunteer will assist you with registration and payment of fees. While you are registering, look for additional informational updates about the hoist or park conditions on the entrance station's dry erase board.

## GAVIOTA STATE PARK BOAT HOIST OPERATOR'S TRAINING HANDBOOK

When the entrance station is not staffed, the park is run on a “Self Serve” basis.

Retrieve one of the registration envelopes from the green metal box, and use this to register for the day and pay your fees.

Rangers stop by periodically to check vehicles for verification of fee payment.

Fill out the envelope completely and place the correct fees into the envelope.  
Seal the envelope and tear off the receipt from the top.

Place your registration envelope into the “Iron Ranger,” the green metal tube next to the northwest corner of the entrance station next to the flag pole. Be sure you place the envelope far enough into the slot that it drops to the bottom of the tube.

Place your receipt “face up” so that it is clearly visible on the driver’s side of your vehicle’s dashboard.
